Alderman McDowell called the Planning & Zoning Committee Meeting to order.

McDowell stated that we have a letter from Tri-City Columbus Home Association (K.C. Hall) stating that for us to please accept this correspondence as our desire to withdraw at this time a petition to rezone the property at 2300 Pontoon Rd. leaving the option open to revisit rezoning this land in the future should we desire. So at this time we are allowing them to withdraw their request it will not come before the council for a vote even through the planning and zoning did vote to not allow them to build. So at this time there is no request for rezoning before the City at this time.

Resident expressed his concerns about Alderman McDowell's statement.

McDowell stated that the process would have to start all over if the request is resubmitted. Once the request is withdrawn it is withdrawn.

Mayor stated that a copy of the letter could be picked up in the City Clerk Whitaker's office.

McDowell stated that he was at that meeting and the vote was 7 to zero. I spoke to another member that was not there at the meeting and he also would have voted against it, so it is a dead issue. I will be making a motion in the regular meeting to place this on file.

Motion by McDowell, second by Williams to Adjourn the Planning & Zoning Committee Meeting. All Voted Yes. Motion Carried.

Meeting Adjourned.
